Case No. 2010-00094

Dear Mr. Derouen:

Northern Kentucky Water District participated in a conference with the Commission's staff and the Office of the Attorney General on April 1, 2011 to discuss several issues. The District appreciates your cooperation in arranging that meeting and for your attention to our concerns.

At that meeting, we were encouraged to contact you and staff to remind you of various pending issues and critical dates. Two issues come to mind that are pending:

- (1) At the conclusion of the meeting, it was indicated that a memorandum summarizing the discussion would be prepared and provided to the parties. Because of the importance of the issues and the impact that they will have on future activities of the District, it would be very helpful to have that memorandum for reference;
- (2) The District has pending its application for approval of a certificate to construct improvements to the Taylor Mill Treatment Plant. Because of the mandatory deadline to have the facilities on line, NKWD requested expedited review and approval of this application to assure that the project is completed on time. Except for the Board's minutes approving the project, all information has been provided. As you may recall, an order is needed by July 24, 2011 to assure that the bids, which expire on August 31, 2011, do not expire.

Please let me know if it remains your intention to draft such a memorandum, and if so, the estimated date of its release to the parties or if there is any additional information that will assist in the review of the application. Thank you for your assistance with these matters.

Very truly yours,

A handwritten signature in black ink, appearing to read "John N. Hughes". The signature is fluid and cursive, with a large initial "J" and a long, sweeping underline.

John N. Hughes
Attorney for NKWD

CC: Attorney General
